Building Permit Application

Permit Conditions / Restrictions:

- This permit application is not a residential or commercial UDC building permit application. This signed application must be given to the Town of Glenwood contracted building inspector. He will issue the UDC building permit and conduct all inspections needed.
- This permit is good for 1 (one) year from issue date.
- Fees are \$2.00 for every \$1,000 of projected construction cost. (Minimum \$40)
- There is no refund of permit fee
- Per St. Croix County Zoning, the structure must be 50' from the road right-of-way (includes overhang)
- Livestock structures must be 100' from property line
- A driveway permit must be issued for new driveways. Existing driveways must be inspected by the Town of Glenwood as they may not be in compliance with current St. Croix County zoning. Contact the Town of Glenwood clerk for application or information.
